

The background of the slide features three concentric clock faces. The outermost clock is the largest and has large black numbers from 1 to 12. The middle clock is smaller and has smaller black numbers from 1 to 12. The innermost clock is the smallest and has the smallest black numbers from 1 to 12. All three clocks have black dots for minutes and hours. The text "Time Mapper" is centered over the middle clock face.

Time Mapper
